

What is
interactivity?

Is interactivity
a good thing?

Jessica Lau

Definitions of Interactivity (1)

- Interactivity -- **the process**

“Interactivity means two-way communication between source and receiver, or, more broadly multidirectional communication between any number of sources and receivers”

Definitions of Interactivity (2)

- Interactivity -- **the feature**

“We define interactivity as a characteristic of a medium in which the user can influence the form and/ or content of the mediated presentation or experience.”

Lombard and Snyder-Dutch 2001

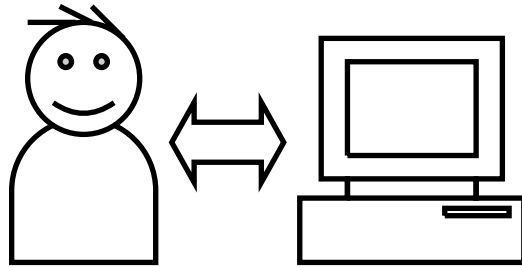

Definitions of Interactivity (3)

- Interactivity -- **the perception**

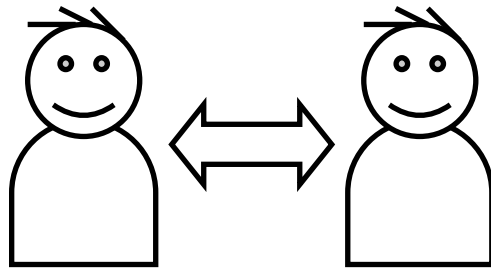

“Ultimately it is the consumer’s choice to interact, thus interactivity is a characteristic of the consumer, and not a characteristic of the medium. The medium simply serves to facilitate the interaction.”

Schumann, Artis and Rivera 2001

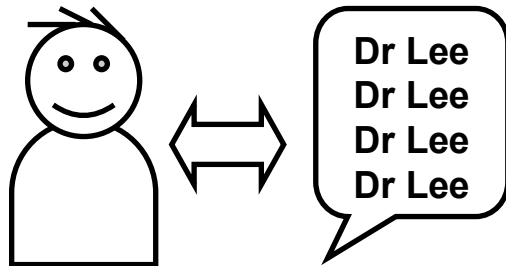

Interactivity -- three perspectives

User-machine interaction

User-user interaction

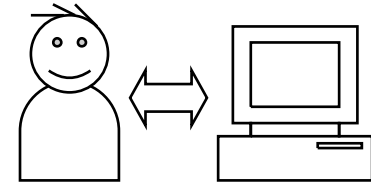

User-message interaction

Interactivity -- three perspectives (1)

- User-machine interaction

- Early definition of interactivity
- Emphasizes human interaction with computers

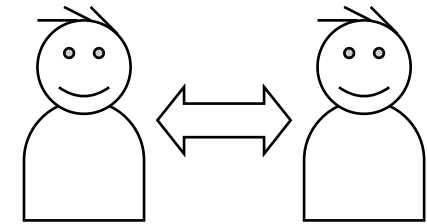

**How responsive
the machines are?**

Cho and Leckenby 1997

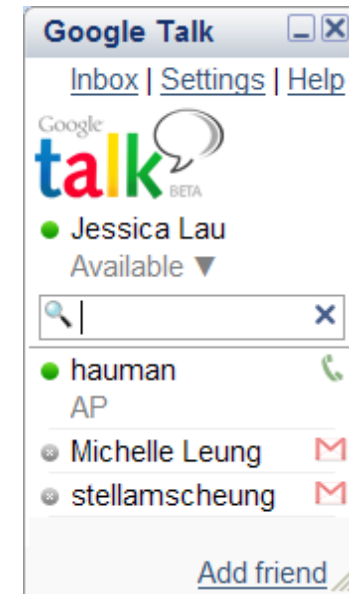

Interactivity -- three perspectives (2)

- User-user interaction

- Interpersonal communications
- Face-to-face
(interview, lecture)
- Computer-mediated
(email, MSN, mobile phone)

How **computer-mediated**
the communication is?

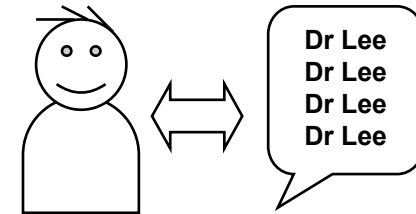

Interactivity -- three perspectives (3)

- User-message interaction

- Users control messages they receive

- (newsletter subscription)

- Users customize messages according to needs (customize news page)

The screenshot shows a weather widget with a purple header. Below the header, there is a text input field with the placeholder text 'Enter City or U.S. Zip Code'. To the left of the input field is a weather icon showing a sun behind a cloud. To the right of the input field is a 'Go' button. Below the input field, there is a checked checkbox with the text 'Save location on this page'.

How customized can a message get?

Interactivity Dimension 1:

Active Control

- Control the non-linear content
- Customize information flow

Active Control

Which one offers higher active control?

A. Banner ad

B. News website

A screenshot of a Google News website. The top navigation bar includes "Google", "新聞 香港版", "所有網頁 圖片 新聞 網上論壇 網頁目錄 Desktop Moms", "搜尋新聞", and "搜尋所有網站". Below the navigation bar is a search bar with "搜尋和瀏覽350個新聞源的最新消息。" (Search and browse the latest news from 350 sources). The main content area shows several news articles with headlines and brief descriptions. On the right side, there is a "自訂此網頁" (Customize this page) section with a list of related news items. The bottom of the page shows "標準 Google 新聞 | 純文字版本" and "16分鐘前自動產生".

Interactivity Dimension 2: Two-way Communication

- Reciprocal communication between companies and users, and users and users
- Receive/ Give instant feedback
- Make direct transactions

Two-way Communication

Which one offers better two-way communication?

A. Online catalog

B. Web community

Re: 城大羅馬廣場,

23 Oct 2005 01:54:50 +0800 發表 發件人: "Sleep" <a@a.ccom> [回覆文章](#)

其實羅馬折左真係好可惜既，
不過我覺得又唔駛好似前日班人係城大度示威既...
攞到胡爵士大叫可恥~~~

Interactivity Dimension 3:

Synchronicity

- The degree to which users' input into a communication and the response they receive from the communication are simultaneous
- System responsiveness

Synchronicity

Which one offers higher synchronicity?

A. Live traffic video broadcast B. Email newsletter

Apple eNews October 27, 2005

In this issue:

- Introducing Aperture
- Power Mac G5: The power of two.
- Higher resolution. Extra mileage.
- Waking Enthusiastic over Mac Groups
- Book corner
- Technically speaking
- What's new?

Hot news headlines

- Australia joins the party. With exclusive tracks from such Australian artists as Missy Higgins, Bernard Fanning, Paul Mac, Evermore, Gyroscope and The Dissociatives and with extensive catalogs from INXS, Hunters & Collectors, Paul Kelly and Slim Dusty, the iTunes Music Store opened its doors in Australia, offering fans down under the same innovative features, breakthrough pricing and seamless integration with iPod that music fans in 20 other countries around the world enjoy.

Introducing Aperture

As a professional photographer, you've waited a long time for an application created just for you. And thanks to Aperture, your wait is over.

The first all-in-one post-production tool for photographers, Aperture delivers an advanced and incredibly fast RAW-focused workflow that makes working with RAW images as easy as working with JPEGs. Its unique compare and select tools let you quickly and easily edit a large photo shoot, whittling down thousands of photos into a handful of top picks. And it offers stellar photo management tools scalable enough to handle thousands of projects.

Interactivity – effect on advertising

- Highly involved in the lecture
 - Increase individual's sense of involvement
- Can recall what was learnt in the lecture
 - Higher recall rate of an ad
- Think the course is good
 - Better brand attitude
- Are likely to pay tuition fee next semester
 - Higher purchase intention

Interactivity may not always be good

- Do you enjoy online interactivity?
- When do you enjoy interactivity?
- When you don't enjoy interactivity?
- Who is likely to enjoy online interactivity?

Interactivity may not always be good

- Purpose of using the Internet
 - For information
 - For pleasure

Interactivity may not always be good

- Personal traits
 - User's desire for control
 - High desire for control
 - > likely to enjoy interactivity
 - Low desire for control
 - > may feel uncomfortable when given the control

Interactivity may not always be good

- Personal traits
 - User's CMCA
 - **C**omputer-**M**ediated **C**ommunication **A**pprehension
 - Anxiety when communicating with others via a computer
 - Novice computer users
 - High CMCA > may not enjoy online interactivity

Advice to online advertisers

**'You aren't advertising
to a standing army;
you're advertising to a
moving parade.'**

David Ogilvy

- **Information Overload!**
 - The more interactive an ad, the more complex it gets.
 - “more-is-better” does not necessarily lead to enhanced communication effectiveness.

Advice to online advertisers

**'You aren't advertising
to a standing army;
you're advertising to a
moving parade.'**

David Ogilvy

- **Well balanced!**
 - High level of vividness, moderate level of interactivity results in favorable online advertising.
 - Something that traditional advertising can't do

Advice to online advertisers

**'Make it simple. Make it
memorable. Make it
inviting to look at.
Make it fun to read.'**

Leo Burnett

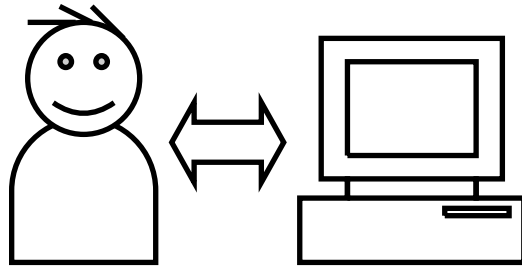

- **Focus on social presence!**
 - Social presence means the feeling of being a participant of a multidirectional communication
 - Establish virtual relationship with customers on a one-one basis. e.g navigational links

Summary

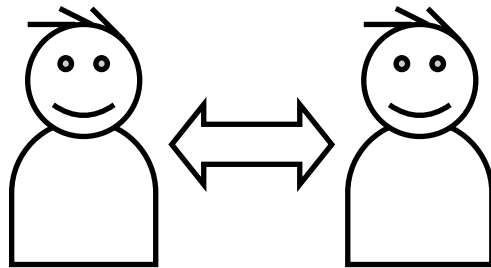

Interactivity – 3 types of definition

- The process
- The feature
- The perception

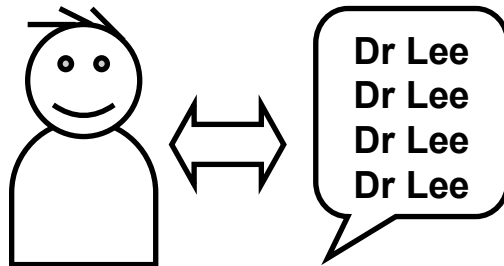

Interactivity – 3 perspectives

User-machine interaction

User-user interaction

User-message interaction

Interactivity – 3 dimensions

- Active control
- Two-communication
- Synchronicity

Thank you.
